Gentlemen:

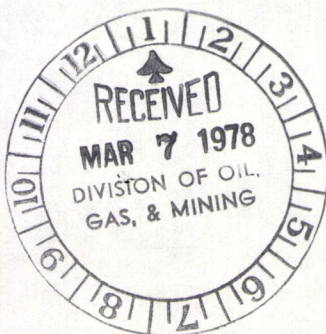

Pursuant to Title 10, Code of Federal Regulations, Part 40, Source Material License No. SUA-1119, dated September 1, 1977, is hereby amended to revise Condition No. 28 as follows:

28. The licensee shall reclaim the Humecca Mill tailings impoundment area in accordance with the program submitted by letter dated June 30, 1977. In addition, the licensee shall complete surety arrangements for the reclamation program with the State of Utah, Department of Natural Resources, initiated by a request to the State of Utah dated June 24, 1977. Surety arrangements shall be completed by May 1, 1978.

All other conditions of this license shall remain the same.

The effect of this amendment is to extend by two months (to May 1, 1978) the deadline for completion of surety arrangements.
